ORDER:-

In his letter read above, the ENC (R&B) SR, Hyderabad has stated that the Yerrupalem - Guntupally - Gopavaram road from km 0/0 to 23/2 in Khammam District passes through number of highly populated agricultural villages. It connects Madhira-Yerrupalem road and is also a link connecting NH-9 at Kachikacherla. The ROB at Dendukur on Madhira-Yerrupalem road is recently completed and opened for traffic. Hence, the CVPD on the above road has increased considerably. Also at present the traffic volume on the road is more than 14000 PCUs/day. Due to the connectivity of Yerrupalem - Guntupally - Gopavaram road with other roads including NH-9 and as density populated villages are located on the road, the movement of other vehicles is very high on this road. The existing single lane is resulting in frequent traffic congestion. Hence, it is necessary to widen the road from single lane to double lane. He has certified that Stage-1 approval is not required as detailed investigation was completed and designs are finalized.
